Files Analyzed

📄 `js/src/modal.js`

PERFORMANCE on line 193

Description: This line is complex and may benefit from being broken into smaller methods for better readability and maintainability.

Suggestion: Consider breaking this line into smaller methods or reevaluating the logic to make it more readable.

STYLE on line 194

Description: This line is too long. Consider breaking it into multiple lines for better readability.

Suggestion: Break the line into multiple lines to make it more readable.

📄 `js/tests/unit/modal.spec.js`

STYLE on line 106

Description: This line is too long. Consider breaking it into multiple lines for better readability.

Suggestion: Break the line into multiple lines to make it more readable.
